HEP Preceptorship

Dear participants, Dear speakers,

It's a great pleasure to welcome you to Berne for the 6th preceptorship focused on **DIAGNOSTIC CHALLENGES AND MANAGEMENT PITFALLS IN CHRONIC LIVER DISEASES**.

In addition to presentations on diagnosis and treatment of liver diseases given by outstanding speakers, this year we will also have an out of the box talk on the importance of how to fail and succeed addressed to all speakers and participants. I would like to thank all the members of the faculty for their contribution to this preceptorship, the organizing team including Bettina Endres, Corinna Oberle and Brigitte Jakob and our sponsors for their generous support.

I am looking forward to a fruitful preceptorship and I wish you a nice stay in Berne.

Prof. Dr med. Andrea De Gottardi
